Summary

Full Stack Developer & Tech Lead with 12+ years in web, mobile, and cloud. Based in Madrid. Available part-time (4h/day). Spanish B2, English B2, Portuguese native. Strong background in AI-assisted workflows, team mentoring, and delivering enterprise products (Roche, Estapar).

Experience

- Dec 2024 – **Project Development Manager & Tech Lead**, AMURA IT, Madrid, Spain
- May 2026 2 products for Hoffmann-La Roche (Focusme & Med Wallet) — 26 active country rollouts, team of 6, sole tech architect.
 - Unblocked 1-year-delayed Brazil project: full-stack delivery (Ionic app + AWS ECS API + React frontend + Cognito 2FA).
 - Introduced AI-assisted dev, trained 3 devs — significant bug rate reduction. Led 2 major version migrations. *React, Ionic, Android, iOS, Node.js, AWS (ECS, Cognito), TypeScript, Salesforce, Cloudflare.*
- Jan 2021 – **Co-Owner & Full Stack Developer**, BCompliance&Law, São Paulo, Brazil (Remote)
- Present Built full SaaS suite (4 apps): institutional site, client portal, backoffice, complaint channel. Vindi payment integration, CI/CD via GitHub Actions + AWS CloudFormation. *Vue.js 3, Node.js, MongoDB, PostgreSQL, Tailwind.*
- Dec 2023 – **Android Developer**, Winche Redes Comerciales, Barcelona, Spain (Remote)
- Nov 2024 Lead dev of WincheCloud data platform. UX + test automation. *Java, Kotlin, Python, Node.js.*
- May 2023 – **Software Engineer**, SET Europa, Madrid, Spain
- Dec 2023 Android app + internal Chrome extensions. Data extraction automation. (Client Winche hired me directly.)
- May 2019 – **Mobile Developer**, Estapar, Remote
- Oct 2022 ~R\$40k/month savings via Google Maps API optimization. Apps used by millions (Ecovagas, Estapar Reserva). CI/CD with Ionic/Cordova.
- Jun 2017 – **Mobile Developer**, CashWay, Florianópolis, Brazil
- Aug 2019 Pioneered React Native in the company. Modularized multi-client build system.
- 2013 – 2017 **Full Stack Engineer**, UFSC / UFPR, Brazil
- Ruby on Rails APIs, AngularJS. Open-source civic tools (Delibera) used by Brazilian Culture Council.

Skills

- Frontend React, Vue.js 2/3 (Pinia, Vuex, Nuxt), Angular, HTML5, CSS3, Tailwind, SASS
- Backend Node.js / Express, REST APIs, AWS Lambda, Serverless, Ruby on Rails, PHP, Python
- Mobile Android (Java/Kotlin), iOS, Ionic, Cordova, React Native
- Cloud & DevOps AWS (ECS, Lambda, S3, Cognito, CloudFormation), Docker, GitHub Actions, CI/CD
- Databases MongoDB, PostgreSQL, MySQL
- Leadership Tech lead (6-person international teams), AI training, code review, Agile/Jira

Education

- 2019 – Paused Master's in Computer Engineering, Universidad Autónoma de Madrid
- 2010 – 2018 Bachelor's in Computer Science, Universidade Federal de Santa Catarina
